String Quartet No.2

Score

Performance instructions

In the score of the third movement, each instrumental part is presented on separate pages (Vln. 1, pp.21–21A; Vln 2, pp.21B–21C; Vla., pp.21D–21E; Vc., pp.21F–21G). In this movement, the four instruments begin simultaneously. The violist – whose part is longer than those of the violinists and cellist – indicates the end of the movement by giving a signal to the other players. The two violins and cello play until the da capo (DC) indication and may repeat the movement, if necessary. (The viola part does not contain a repetition indicated by DC.)

In the fourth movement, the four instruments utilize the four "reservoirs" (black notes heads on a staff) located at the top of the score. Each player is free to begin at any point in his or hers "reservoir", but must follow the indicated order of the notes.

M

maximum loudness (***ffff***)

m

minimum loudness (***ppp***)

crescendo from m to M in the three first movements and from ***p*** to ***ff*** in the fourth movement

diminuendo from M to m in the three first movements and from ***ff*** to ***p*** in the fourth movement

accelerando

rallentando

pizzicato with glissando

In sections without bar lines, accidentals (♯, ♭, ♯) apply only to the note immediately following, except for repeated pitches (where the accidental applies to each pitch). In sections with bar lines, accidentals apply to all notes of the same pitch within the bar.

This musical score page contains two staves of four parts each: Vln. I (Violin I), Vln. II (Violin II), Vla. (Viola), and Vc. (Cello). Measure 135 begins with a dynamic 'M' over all parts. The violins play eighth-note patterns, while the bassoon provides harmonic support. Measure 140 follows, starting with a dynamic 'm'. The instrumentation remains consistent, with the bassoon continuing its harmonic role. Various dynamics like 'M', 'm', and 's/m' are used throughout, along with performance instructions such as 'possible' and rhythmic markings like '3' and '6' over groups of notes.
